

In the darkness a small group of pediatricians  
Decided to change the situation  
They work hard

They put seeds of Yemen  
Pediatric Society to have a plant  
then a tree with tasty fruits to the  
pediatricians & to the pediatric  
health care future

A clean and clear elections  
was done on 25/5/2012

The work started even there is no guide to the right

Different committees

Different ideas

Different ways

The 1<sup>st</sup> appearance was:  
Short stature lecture  
Then  
Rickets approach lecture

The rotation of the scientific meeting on the hospital

Then

Cooperation between different hospitals

Then

Cooperation with other societies
